

Sea Sports Scuba

Group Open Water Class Procedures

This form is a continuation of the terms and conditions of sale as stated on the original invoice. Student must initial and sign before class registration is accepted, and student acknowledges and accepts the requirements of enrollment into an Open Water class.

Student Name: _____ Phone Number: _____
 Email Address: _____ T-Shirt Size: _____

Student Requirements

**Initials
Required**

- A. Individuals under the age of 18 must be accompanied by parent or legal guardian for the first hour of the class and to the open water dives.
- B. Students 10 or 11 years of age must have one of their parents attend a 30 minute session prior to the first class session
- C. Student must perform a swim assessment, **any style of stroke**, (no time limit) and perform a 10 minute tread or **survival float**.
- D. Students must attend all classroom sessions, pool sessions and open water sessions.

E. Class Pre-Work Requirements

Before the start of the first class session, all Open Water students are responsible for completing:

1. Their SSI Diver Profile on the DiveSSI website (including uploading a head & shoulder photo – no hats or sunglasses).
2. Complete all digital student materials either directly on the DiveSSI website or on the DiveSSI app. This includes all review questions at the end of each section.
3. Ensure that their digital course progress is updated on the DiveSSI website by “refreshing” their app to the DiveSSI website.

The following items only apply to those students using printed study materials:

1. Read the entire Open Water Diver textbook and answer all Study Guide questions.
2. Transfer Study Guide answers to the Answer Sheets in the Open Water Diver Manual Appendix.
3. Watch the Open Water Diver DVD.

- F. Final Exam - Student must score at least 80%.
- G. Student must submit to Sea Sports Scuba a properly completed and signed Medical Release form (short or long version) a minimum of 72 hours before the start of Open Water Class. Without a completed Medical Release, student will not be able to participate in any pool training dives or Open Water Dives.
- H. ***A rescheduling fee of \$95 will be charged whenever a student reschedules within 72 hours of the scheduled start date. Student acknowledges that no tuition refund is possible once any portion of the class has taken place. Sea Sports will reschedule the student into another class which is deemed acceptable to both the student and Sea Sports Scuba.***
- I. Make Up and Rescheduling Fees: because there is insufficient time to do class make-ups in an Open Water class schedule, students who miss any class module must reschedule to another class to complete the Open Water class requirements and pay a rescheduling fee of \$95.00.
- J. Students can split classroom and pool sessions from Open Water sessions (i.e. do Open Water dives on a different date from the originally schedule Open Water date). However, this newly selected open water date must be a regularly scheduled Open Water date and the student must provide 48 hours notice prior to class commencement. A \$30 change fee applies to such a change.
