

29th Annual Pumpkin Hunt is history....

Over 40 divers came out to brave the cold temps and participate in what was Sea Sport Scuba's 29th Pumpkin Hunt (one year was skipped due to extreme cold temps). Thirty-nine pumpkins were "hiding" in Lagoon 1 and only one is still waiting to be found.

These "hard core" divers were rewarded with a great time, great prizes, great food, and great memories!

Sea Sports Scuba and staff would like to thank everyone that showed up and participated. It's divers like you that we strive to provide the best overall experience with comprehensive training, equipment, service and travel.

See you next year..!!
