ATTENTION: PRODUCT RECALL

Suunto Wireless Tank Pressure Transmitters and Suunto Tank PODs

SUUNTO TANK POD

SUUNTO WIRELESS TANK PRESSURE TRANSMITTER

Diver safety is of highest importance to Suunto. We have identified a potential safety risk affecting the above products, and therefore recall all Suunto Transmitters and Tank PODs for inspection and upgrade.

As a complementary service, Suunto will provide a battery replacement free of charge and a one-year warranty from the date of inspection for all upgraded products.

If you own a Suunto Wireless Tank Pressure Transmitter or a Suunto Tank POD:

1. Do not dive with the affected product before it has been upgraded.
2. Bring the product to the nearest Authorized Suunto Service Center. All service centers can be found using the Suunto dealer locator:
 - <http://www.suunto.com/en-US/Dealer-Locator/>
 - Under “Search for” please tick Service Center and then tick “Dive Products” under Product Categories.

OR, send the product directly to Suunto for inspection and upgrade. For this method please go to:

- <http://repair.suunto.com/RepairCustomerPortal?serviceType=Repair>
3. When you receive your upgraded product, please register the product at MySuunto to ensure you receive the one-year warranty from the date of inspection.
